ERA Energy Walk

Peterculter

13th December 2015

(approximately 5 miles)

15 members of Aberdeen Ramblers Group took part in a lovely and very interesting walk along the banks of the River Dee and up through the woods round the village of Peterculter on a lovely sunny but very frosty day.

We walked over an 18th century pack bridge which would have been used to transport wool from a mill on the Crynoch Burn around that time.
