Description:
Cádiz organized two GR 7 E4 paths simultaneously, leaving from different places (Castle of Castellar and Ubrique) and finishing both in Jimena de la Frontera.

The largest group left from the Castle of Castellar. The participants arrived in two buses from Chiclana, one from Cadiz and another from Algeciras, in total 218 walkers. This first route began at 10:00 am and ended in Jimena de la Frontera at 16:45 hours.

The second route left at 7:45 pm from Ubrique, exactly from the Mojón La Vibora with 70 hikers and arrived in Jimena 20 minutes before the previous group.

The almost 300 walkers of both routes were received in Jimena by the A.C. Caminete de Luna and the Mayor-President of the municipal corporation, Pascual Collado, which offered some delicious sweets, accompanied by a hot coffee and good background music.
