

# Questionnaire – Youth walking

European Ramblers Association (ERA) celebrates this year its 40<sup>th</sup> anniversary. By founding the ERA declared among its main aims the care of young walkers. This is why in the Constitution of the Association is stated as one of the three commissions the Youth commission (the European Young Ramblers' Association – EYRA), which should in the future support and develop programmes of the youth walking. However, this commission stopped to work at the end of 90's. We consider as very necessary to come back to these problems and think about the renewal of the Youth commission.

Because the situation in the particular member organizations is very different, at the beginning, it is necessary to find out, how works each organization with the walking youth. This questionnaire serves to this problem.

Name of your organization: \_\_\_\_\_

## A. Youth walking

1. How is the youth incorporated in your organization?

- in the youth walking club
  - in the programmes for the family walking
